# *Student Agreement*

---

Hello!

We are so excited that you are joining the Oneonta Dance Center family! We look forward to working with you and getting to know you!

To all those students who are returning to take more classes with us, Welcome Back!

Along with the registration form and tuition payment, it is required that all students, and their parents, read the following agreement. The agreement simply states the studio rules and regulations and the signing of the agreement confirms that you have read and understand them. You must return this contract with the student's and parent/guardian's signature in order to take classes. All students under 18 must have a parent's signature.

Thank you!

The Oneonta Dance Center Family

## *Student Agreement*

1. I will respect all faculty members at all times.
2. I will respect all of my peers at all times.
3. I will remember that attending dance classes is a privilege and an honor.
4. I will always remember that I am a role model for those students who are younger than I am. I will always act as a positive role model, as expected.
5. I will not swear or use inappropriate language in or around the studio. This is included in talking to peers, teachers, staff, and all other students. I understand that use of this language will be automatic grounds for dismissal.
6. I understand that when I join the Oneonta Dance Center I am becoming part of a huge family! I will make sure to help people when needed or asked, I will respect other people's property, and I will make sure to keep my possessions tidy and organized.
7. I will adhere to dress code at all times. I will remember that shirts that are low cut or show any stomach, along with low cut pants that show any skin, are not allowed.
8. I understand that when I register for my dance classes it is a commitment, and I do so with the intention to attend all of my classes. If I miss three or more lessons for one of my registered classes, there will be a conference between the teacher and my parents/guardians to see if I will continue in the class.
9. I am expected to be on time for all of my classes. I understand that 'on time' means that I am dressed, with the appropriate shoes on, by the time class starts. I understand that this does not mean that I walk into the door at the time class is supposed to start.
10. I understand that I will be expected to behave during class. I will not be disruptive by talking, not following directions, or other similar activities.
11. I look forward to working with my teachers, who look forward to working with me! I realize that I am in class to learn and not to socialize.
12. I understand that the inability to follow any of these guidelines is grounds for dismissal from the Oneonta Dance Center.
